PROFESSIONAL AMPLIFIERS

AK200	BETA THREE PRO AMPLIFIER 2 X 200W RMS 4 OHM ST
T1000	BETA THREE PRO AMPLIFIER 2 X 450W RMS 4 OHM ST
T2000	BETA THREE PRO AMPLIFIER 2 X 600W RMS 4 OHM ST
T3000	BETA THREE PRO AMPLIFIER 2 X 900W RMS 4 OHM ST
UA2002	BETA THREE PRO AMPLIFIER 2 X 1500W RMS 2 OHM ST

T1000
 2 x 300W RMS - 8 ohm stereo
 2 x 450W RMS - 4 ohm stereo
 1 x 1000W RMS - 8 ohm bridge
 1 x 1200W RMS - 40 ohm bridge

Overheat, Overload and short circuit protection
 Soft start delay switch on
 Variable fan speed cooling with extra large fans
 Visual display: Signal , Clip , Protect , Bridge
 Limiter and Ground lift switch
 Mono , stereo and bridge mode switchable
 High signal to noise ratio
 High damping factor
 All outputs are Speakon connectors
 All inputs are XLR 3pin

T2000
 2 x 400W RMS - 8 ohm stereo
 2 x 600W RMS - 4 ohm stereo
 1 x 1200W RMS - 8 ohm bridge
 1 x 1400W RMS - 4 ohm bridge

Overheat, Overload and short circuit protection
 Soft start delay switch on
 Variable fan speed cooling with extra large fans
 Visual display: Signal , Clip , Protect , Bridge
 Limiter and Ground lift switch
 Mono , stereo and bridge mode switchable
 High signal to noise ratio
 High damping factor
 All outputs are Speakon connectors
 All inputs are XLR 3pin

T3000
 2 x 550W RMS - 8 ohm stereo
 2 x 900W RMS - 4 ohm stereo
 1 x 1700W RMS - 8 ohm bridge
 1 x 2000W RMS - 4 ohm bridge

Overheat, Overload and short circuit protection
 Soft start delay switch on
 Variable fan speed cooling with extra large fans
 Visual display: Signal , Clip , Protect , Bridge
 Limiter and Ground lift switch
 Mono , stereo and bridge mode switchable
 High signal to noise ratio
 High damping factor
 All outputs are Speakon connectors
 All inputs are XLR 3pin

UA2002
 2 x 700W RMS - 8 ohm stereo
 2 x 950W RMS - 4 ohm stereo
 2 x 1500W RMS - 2 ohm stereo
 1 x 1900W RMS - 8 ohm bridge
 1 X 3000W RMS - 4 ohm bridge

Overheat, Overload and short circuit protection
 Soft start delay switch on
 Variable fan speed cooling with extra large fans
 Visual display: Signal , Clip , Protect , Bridge
 Limiter and Ground lift switch
 Mono , stereo and bridge mode switchable
 High signal to noise ratio
 High damping factor
 All outputs are Speakon connectors
 All inputs are XLR 3pin

AK200
 2 x 180W RMS - 8 ohm stereo
 2 x 200W RMS - 4 ohm stereo
 1 x 220W RMS - 8 ohm bridge
 1 x 250W RMS - 4 ohm bridge

Four line inputs, one line output
 Three microphone inputs
 separate tone adjustment for mic & line
 Microphone mute function
 Hidden effect and tone controls
 Hidden feedback control
 Overheat, overload and short circuit protection
 Soft start delay switch on
 Variable fan speed cooling with large fans
